

Claude Levi-Strauss: The Poet in the Laboratory (Paperback)

Filesize: 8.24 MB

Reviews

*A very amazing publication with perfect and lucid information. We have read through and that i am certain that i will planning to study once more yet again in the future. You will not really feel monotony at anytime of the time (that's what catalogues are for about should you question me).

CLAUDE LEVI-STRAUSS: THE POET IN THE LABORATORY (PAPERBACK)

Bloomsbury Publishing PLC, United Kingdom, 2011. Paperback. Book Condition: New. 196 x 128 mm. Language: English . Brand New Book. Claude Levi-Strauss, the father of modern anthropology and author of the classic *Tristes tropiques*, was one of the most influential intellectuals of the second half of the twentieth century. Dislodging Sartre, Camus and de Beauvoir from the pinnacle of French intellectual life in the 1950s, he brought about a sea change in Western thought and inspired a generation of thinkers and writers, including Michel Foucault, Roland Barthes and Jacques Lacan with his structuralist theories. Levi-Strauss's bohemian childhood and later studies of the emerging discipline of anthropology in the field and the university led him to mix with intellectuals, artists and poets from all over Europe. Tracing the evolution of his ideas through interviews with the man himself, research into his archives and conversations with contemporary anthropologists, Wilcken explores and explains Levi-Strauss's theories, revealing an *artiste manque* who infused his academic writing with an artistic and poetic sensibility.
