ARENA BOOKS, United Kingdom, 2016. Paperback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book ***** Print on Demand *****.While the stories that make up God s Brains suggest that the skies of the future will certainly not be pure blue, through their ironic edge and secular bite, they suggest that there are always new energies to be found from the setbacks and the sinking Titanics of our lives - that courage remains THE vital currency. The genre-defying fabrications that unfold between the covers of God s Brains describe the great diversity that embodies the human condition, and in fragmentary ways, they contribute to the notion of existence as converging physical and mental landscapes - both the ones we experience and the ones that are invisible to our common sense suggesting a decisive and overall interweaving of realities. At the core of God s Brains is found the primacy of human morality and the belief that despite the...
