THE LEADERSHIP GENE (PAPERBACK)

Tate Publishing Enterprises, United States, 2014. Paperback. Book Condition: New. 206 x 130 mm. Language: English . Brand New Book ***** Print on Demand *****.Now it was all beginning to make sense to me. This plane ride was not about Jonathan or about me. This plane ride was about how Jonathan and I can help each other so that we could help others achieve their goals and follow their dreams. This is a man that I have hated over the past four years for what he was doing to me. I soon realized that I was so focused on his behavior that I wasn't doing anything to change mine. This was a tragedy over the past several years and such a waste of time for the both of us. If we both picked up on the human connection where I found my Leadership Gene, things might have been a lot different between us. For the first time in my life, I realized that I could be human, and also be a leader. I also realized that you can't separate the two. Learn how to be a true leader in the face of any adversity in The Leadership Gene.
