Language: English Brand New Book ***** Print on Demand *****.Excerpt from Collection of British Authors, Vol. 255 of 1: Teuton Studies It is barely within the memory of the present middle-aged generation that Germany has come to occupy once more the political position which she enjoyed before the Reformation, and which her geographical situation, as well as her past history, warrants her to hold as her rightful heritage. But the importance of the political events of the last thirty years is not even now fully realised by the public at large: although they imply nothing less than the displacement of the Catholic (Austria) and the Celto-Roman (France) by the mainly Protestant Teuton in the hegemony of Europe.
